

The image displays two floor plan diagrams of a classroom, illustrating different seating arrangements. Both diagrams show a rectangular room with a door at the top center. A central aisle runs vertically through the middle of the room, dividing it into two equal halves. The left diagram shows a traditional layout with desks arranged in rows, facing the front of the room. The right diagram shows a more flexible layout with desks arranged in groups, allowing for more interaction between students. Both diagrams include a teacher's desk at the front of the room, a central aisle, and a door at the top center.
