Electric Telegraph.

HEAD RECEIVING OFFICE,
Exchange, Flinders-lane west.
(For Stations and Receivers, see Official
Directory.)

REGULATIONS.

1. To lessen as much as possible any liability to error in the transmission of messages from defective manuscript, it is desirable that the use of figures should be avoided, and that words at length be substituted; and the public, in using the Electric Telegraph, are requested to be particular in giving a full and correct address to every message, so that the least possible delay in delivery may occur.

2. Messages will be transmitted in the order of their reception, and no precedence will be allowed, except for special despatches on the service of the Government, the arrest of criminals, and in cases of pressing emergency, sickness, or death.

3. All messages will be held *strictly confidential*.

4. Payment of charges in advance will be required, except for replies to interrogatory messages on which the sender may have written the words "Reply will be paid for;" but special arrangements may be made for the receipt of messages payable by the receiver, either by depositing security at the receiving office, or by furnishing written authority covering the cost of transmission.

5. No charge will be made for the date, address, or signature to any message; and it is particularly requested that the two latter may be as clear and explicit as possible.

6. Messages must be written with ink, in a clear and legible manner, and bear a proper date, address, and genuine signature in the usual handwriting of the sender.

7. Messages will be delivered free of charge within one mile of the office; over that distance cab or omnibus fare will be charged, when incurred; and for Messages to be delivered on shipboard, an extra charge to cover the disbursement for boat expenses will be made.

8. Messages may be transmitted in cypher in the English language on payment of an additional charge of fifty per cent., but cypher words must not average more than two syllables.

9. On special occasions, when the communication may be kept open during the night, an additional charge equal to one-third of the ordinary rate will be required upon all messages received for transmission later than 8 p.m.

10. Every reasonable exertion will be used, and precaution adopted, to secure the greatest promptness, accuracy, and despatch in conducting the business of the Telegraph; but no responsibility will be assumed for any errors, omissions, or delays in the transmission or non-transmission, delivery or non-delivery of any message, from whatever cause the same may arise. In order, however, to afford the fullest

security for the correctness of a transmitted message, the sender may obtain a copy of the message as repeated back from the Receiving Office, if within the bounds of this colony, upon payment of one-half the original charge upon such message; but in no case will any pecuniary responsibility be recognised beyond the extent of £5.

11. In the event of serious delay occurring to prevent the transmission of a message within a reasonable time, or sufficient to destroy the value of the despatch, notice will be conveyed to the sender, should his address be known, and the message, together with the amount paid thereon, be returned, if desired.

12. In cases where immediate replies are required, the messenger will be instructed to wait five minutes after the delivery, provided the message may contain the words "Reply by telegraph immediately."

13. Printed forms upon which messages should be written may be obtained upon application at the office; but all messages, whether written upon the prescribed forms or upon plain paper, will be considered as tendered for transmission, and transmitted to their destination under the several conditions and stipulations above detailed.

Harbour Regulations—Victoria.

Vessels entering or departing from Port Phillip are required to hoist their numbers or distinguishing flag on approaching the Electric Telegraph Stations at Shortland's Bluff and Gellibrand's Point. A heavy penalty can be inflicted for a breach of this regulation.

All vessels entering the ports of the colony, not being coastwise, are to hoist a blue flag at the mainmast head, and keep the same flying until cleared by the Immigration Officer. On leaving, a white flag is to be hoisted at the main for clearance by the same officers.

The officer at Williamstown boarding will attend to any complaints passengers may have to make as to their treatment on the voyage, so far as regards any infringement of the Passengers' Act.

All vessels sailing to any port other than the Australian colonies, and carrying more passengers than one to every fifty tons of their registered tonnage in the steerage, will require to be surveyed by the Government Surveyor before proceeding to sea; and also their stores and fittings-up will be seen by the Immigration Officer, and the medicines and medical comforts by the Government Medical Inspector. In order, therefore, to prevent delay, masters of vessels intending to carry passengers more than in the proportions enumerated, will save much detention by immediately communicating with the Emigration Officers at the different points of departure.

TOWAGE FROM THE BAY OR HEADS.

A regular scale of charges has been fixed for the above according to tonnage. The steamers available for the same are the Lioness, Ada, Kangaroo, Vesta (Cole, George Ward), Aphrasia (Throckmorton, Charles L.), Hercules, Black Eagle, and Samson (Dove and Oswald), Sophia and Diamond (Norton and Co.).

Rates of Pilotage.

EXEMPTIONS.

All vessels under fifty (50) tons. All ships belonging to her Majesty; all ships employed in the coasting trade; all ships regularly trading between any port of Victoria and any of the colonies of New South Wales, Van Diemen's Land, New Zealand, Western and South Australia (the master of any such ship holding a certificate from the Pilot Board that he is competent to act as pilot to such vessel), unless the services of a pilot shall have been actually received; and all ships not having received the services of a pilot.

Office of Commissioner of Trade and Customs, Melbourne, 21st January, 1856.

In accordance with the provisions of the 11th section of the Act 17 Victoria, No. 28, intituled "An Act to Amend an Act intituled 'An Act to Consolidate and Amend the Law relating to Ports, Harbours, and Shipping in the Colony of Victoria,'" his Excellency the Officer administering the Government, with the advice of the Executive Council, has been pleased to approve of the rates of pilotage set forth in the accompanying Schedule, which have been fixed by the Pilot Board of Victoria, in lieu of those published in the supplement to the *Government Gazette* of the 12th January, 1855, page 126. These rates will take effect, with respect to all vessels reporting inwards or clearing outwards, as the case may be, on and from Friday, the 1st February next.

The ECONOMIC BANK OF MELBOURNE addresses itself to the community, and especially invites those persons who have never yet habituated themselves to the deposit of Savings and unemployed Moneys, to avail themselves of its advantage, safety, and facilities; sufficiency and permanency of Securities, and a liberal and progressive interest, are the grounds upon which this invitation is based.

PROTECTIVE POWERS AND PRIVILEGES PECULIAR TO THE ECONOMIC BANK.

1. ALL MONEYS DEPOSITED.
2. ALL DEPOSITS REIMBURSED.
3. ALL SECURITIES ON WHICH DEPOSIT IS LOANED.
4. THE APPROPRIATION OF ALL DEPOSIT INCOME.

INTEREST IS PAID QUARTERLY, viz:—

Second Monday in January.

Second Monday in April.

ATLANTIC LOAN & DISCOUNT BANK.

TEMPORARY OFFICES, 82 COLLINS-STREET WEST.

THIS Institution, originated by local capitalists, possessing a large solid capital, coupled with the intention of carrying on a Loan and Discount Business upon a fair and equitable system, is based upon principles more in accordance with the spirit of the age and private enterprise than Colonial Banking Institutions in general, offering, as it does, the sub-joined immense advantages to customers :—

1. Merchants' and Tradesmen's Bills Discounted

at fair and reasonable rates, without the injurious delay and inconvenience experienced by those who have been accustomed to resort to the Public Banks.

2. Advances made on the Deposit of Deeds.

Mortgagors, in transacting business with this Institution, are not subjected to the exorbitant law costs usually charged, the requisite documents being prepared by the Solicitor to the Bank.

3. Advances made

on Bonded Certificates, Bills of Lading, Merchandise, Bank, Railway, Insurance, Mining Scrip, and other convertible securities.

4. Loans granted

to Professional Gentlemen, Government Officials and other Employes, Mechanics and Householders, on approved Personal Security.

GUARANTEE DEPARTMENT.

Government and Banking Officials are charged the lowest rates of premium, except in situations where their duties are more than usually hazardous.

The rate for Guarantee will be reduced to 6s. 6d. per cent., when a Life Assurance is effected.

The Forms of Policy for the various departments of the Imperial and Colonial Governments have been settled and approved by the Law Officers of the Crown, and contain all the obligations required by the Society's Act of Parliament and the law to constitute them *effectual securities* to the holders for the risk undertaken.

Policies are prepared by the Society without any charge, and there is no expense attendant upon the issue beyond the payment of the premium.

The payment made for Guarantee may be considerably reduced or entirely appropriated to the purpose of Life Assurance, to the Purchase of an Endowment payable at a given age, or an Annuity, at the option of the Assurer.

LIFE ASSURANCE DEPARTMENT.

The Society transacts every description of Life Assurance upon terms peculiarly favourable to Assurers.

Persons desirous of making provision for themselves in old age, or for their friends or families in the event of death, will find that this Society offers facilities and advantages of the most liberal, comprehensive, and secure character. Policies are issued immediately, and enable their holders to make them available in all parts of Australia, Europe, India, and the Colonies. All claims paid in Australia.

GUARANTEE DEPARTMENT:

This Branch of Insurance has been established to remedy the defects of Suretyship by Private Bondsmen, which is universally acknowledged to be attended with various inconveniences and objections.

The Directors undertake, for a small yearly payment, varying in amount (according to the duties and responsibility,) from 20 shillings per cent. upwards, to make good to the employer any loss he may sustain by the fraud or dishonesty of the person employed to the amount specified in the Policy, and thereby obviate the necessity for private sureties, as well as the evils arising therefrom, which often prove as prejudicial to the real interests of the Employer as to the person finding the Guarantee of private friends.

The Premium or Guarantee Policies (not combined with Life Policies) will be reduced 20 per cent. on the 3rd annual payment, and a further abatement will be made on the 6th, of 20 per cent., thus reducing the original premium 50 per cent.

When Life Assurance is combined with Guarantee, the rate on the latter varies from six shillings and sixpence per cent.

The Table of Premiums for Assurances for short terms or on joint lives, also for Endowments or Annuities, Prospectuses, Forms of Proposal for Assurance, and every information may be obtained gratuitously of

Policy Fee in every case 5s. Premiums payable yearly, half-yearly, or quarterly. Surrenders accepted on equitable terms.

Division of Profits.

The investigation completed in 1859 shewed that more than one-third of the Assets was profits actually realised and invested, every penny of which is the property of the assured themselves, while the existing Assets have been so valued as to render it

highly probable that during the progress of the next five years they will be productive of an increasing surplus.

The following instances will show the results to individual members of the operations of the past five years:—

Amount Assured with previous Bonus.			Bonus, 1859.			Total Policy.			Reduction of premium in lieu of present Bonus.			Cash value of present Bonus.			Annual prospective addition till next investigation.
