There were 11,891 teachers, namely, 5,480 males, and 5,887 females; and the average number of scholars attending was 104,702, of which 47,579 were males and 50,585 females.

NOTE.—Several denominations have not specified the sexes of teachers and scholars, therefore the sum of males and females does not agree with the total of both sexes.

Prepayment of Postage.

The postage upon all letters, packets, and newspapers must be prepaid by affixing stamps thereon except it may happen that any Postmaster shall not have stamps of the requisite value for sale, in which case the postage may be prepaid in coin, and shall be acknowledged by such Postmaster on the face or cover of such letter, packet, or newspaper.

Letters, weighing over half an ounce, addressed to the United Kingdom, New South Wales, South Australia, Tasmania, Western Australia, and New Zealand, will be forwarded

The *Government Gazette*, in printed covers, with the words "On Her Majesty's Service," open at both ends, and bearing the imprint of the Government Printer (if received at the General Post Office from the Office of the Government Printer, but not otherwise) to be exempt from postage.

Letters, newspapers, and packets sent by post to any place beyond the limits of the colony are to be transmitted and delivered free of charge, except in cases where it is necessary to collect postage under an arrangement with the country or colony from which such letters, packets, and newspapers have been received.

All letters and packets relating exclusively to the execution of "*The Registration of Births Deaths and Marriages Statute*," received from places in Victoria, addressed to the Registrar-General, every Deputy-Registrar, and every person empowered by law, now or hereafter to be in force, to celebrate marriages, are to be forwarded and delivered according to the address, free from the duty of postage, provided that such letters and packets shall be in covers open at the sides.

Re-Direction of Letters.

Letters, packets, and newspapers may before delivery, be re-directed from and to any place *within Victoria*, as may be required, without any charge whatever. If re-directed to places *beyond the colony*, except in cases

hereinafter mentioned, the foreign rate of postage, together with all other charges, must be fully prepaid before transmission.

In cases where postage is charged against Victoria, and taxed upon foreign letters, notice must first be sent to the persons addressed that the amount of postage payable is required to be remitted before the letters can be re-directed.

Re-directed letters, packets, and newspapers re-posted after delivery for transmission to any other part of the colony without additional postage are to be forwarded to destination, and the ordinary inland rate is to be collected on delivery.

Registered Letters.

For the Registration of Letters, stamps to the value of sixpence must be affixed, in addition to the postage

Any letter or packet not registered, and believed to contain money or other valuable enclosure, will be registered, and the fee for registration be charged on delivery; but if the person to whom the letter or packet is addressed open it in the presence of a postmaster or officer of the post office, and it be found not to contain money or other valuable enclosure, the fee will in that case be remitted.

Letters addressed to the United Kingdom, or received from the United Kingdom addressed to Victoria, containing coin, or having the word "registered" written upon them, but upon which the fee for registration has not been paid, will be compulsorily registered and charged on delivery with a double registration fee.

Late fees must be paid, in all cases, by stamps affixed to the letters.

Newspapers.

For each newspaper posted in the colony except to places specially mentioned in *Postal Guide*, one penny must be prepaid by stamp. Every newspaper must be sent without a cover, or in a cover open at both ends, and there shall not be in or upon any such newspaper or the cover thereof any communication, character, figure, letter, or number (other than the words "Newspaper only," or a line drawn through any report, article, or paragraph therein, the printed title of such newspaper, the printed names, occupations, and places of business of the printer, publisher, and vendor thereof, the name, occupation, and address of the person to whom it is sent, and the words aforesaid); nor shall anything be enclosed in or with or accompany such newspaper or cover, otherwise such newspaper shall not be transmitted or delivered.

Any breach of the foregoing provisions will render the person convicted liable to a penalty of not less than five pounds.

PACKETS.

The regulations formerly affecting foreign packets, are now also applied to inland and town packets, and a packet whether for transmission within or beyond the colony, may be forwarded if properly prepaid and posted in accordance with the undermentioned regulations:—

1. A packet may contain any number of separate books or other publications (including printed or lithographed letters), photographs (when not on glass, or in case containing glass), prints or maps, and any quality of paper, parchment, or vellum, or patterns or samples of merchandise; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed or plain, or a mixture of these; but no printed matter or prints will be allowed except such as may be printed on paper, parchment, or vellum. Further, all legitimate binding, &c., mounting or covering of a book, &c., or a portion thereof, will be allowed, whether such binding be loose or attached, as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto.

2. Every packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination. For the greater security of its contents, the packet may be tied at the ends with string, but in such case the Postmaster is authorised to cut the string, though if he do so, he must again tie up the

packet as before. Samples of seeds, drugs, and so forth, which cannot be sent in open covers may be enclosed in bags of linen or other material, tied round the neck so as to be easily loosened and refastened, or (as inland packets only) in closed transparent bags; but foreign packets must not be sent in closed bags, although transparent.

3. No packet may contain anything which is sealed, or otherwise closed against inspection, nor any matter or thing not hereinbefore specified; nor must there be any letter nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not to be regarded as a letter. Indeed, as respects the name and address of the sender, not only is the writing permitted, but it is even recommended; so that if the cover come off, or for any other reason, the packet cannot be forwarded, it may be returned. Packets containing patterns must not bear any writing, other than the name and address of the person for whom they are intended, the name and address of the sender, a manufacturer's, or trade mark, number, and the price of the articles.

4. Packets containing seeds, not sent as samples, may be forwarded as inland packets only; such packets must not, however, exceed eight ounces in weight, and must be either in bags or papers, tied so that they may be easily opened and refastened, or in closed transparent bags.

5. No packet must exceed two feet in length, one foot in width, or one foot in depth; and if any packet exceeding these dimensions be presented, it must not be received.

6. Any packet closed against inspection, that may be posted, bearing postage stamps equal in value to the proper postage as an inland or foreign letter, not exceeding half an ounce in weight, as provided by the Act aforesaid, shall be treated in the same manner as a letter exceeding one half ounce in weight, and posted with only one single rate of postage thereon.

7. Any packet which shall be posted in fraud or violation of these regulations, or shall have no postage, or less than one rate of postage as a packet not exceeding four ounces in weight paid thereon, or shall contain or have on the outside thereof any profane, obscene, or libellous address, signature, picture, or thing, must be sent to the dead letter office forthwith.

8. If an inland packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of one rate as a packet of four ounces in weight, it may be forwarded to destination, double the deficient postage being charged on delivery.

The following are the rates chargeable on packets posted in the colony, except to the places undermentioned or those named in Table of Rates in *Postal Guide*:—

Not exceeding four ounces (inland) 2d., (foreign) 6d.

For every additional two ounces or fraction of two ounces (inland), 1d., (foreign), 3d.

Postmasters may refuse to transmit by post any packet exceeding sixteen ounces in weight, or of inconvenient form or dimensions, or containing or reasonably suspected to contain articles likely to injure the other portions of the mail, or the person of any officer or servant of the Post Office.

Any packet posted in fraud or violation of the Post Office Statute, or of any Act of the Customs, or containing any letter or epistolary communication, or having less than one rate prepaid as a packet not exceeding four ounces in weight, except packets addressed to places under-mentioned, or to places named in Table of Foreign Rates, must be sent to the Dead Letter Office.

Book Packets and Patterns or Samples of Merchandise addressed to the United Kingdom, New South Wales, South Australia, Tasmania, New Zealand and Hong Kong are charged the following reduced rates:—

To the United Kingdom, *via* Southampton—

Not exceeding one ounce 1d.

Exceeding one ounce, but not exceeding two ounces 2d.

For every additional two ounces or portion of two ounces 2d.

To New South Wales, South Australia, Tasmania, New Zealand, and Hong Kong—

Not exceeding one ounce 1d.

Exceeding one ounce, but not exceeding two ounces 2d.

For every additional two ounces or portion of two ounces 2d.

No articles of merchandise will be forwarded at the packet rate to New South Wales, but such as are sent as *bona fide* patterns or samples.

If a packet addressed to the United Kingdom, Mauritius, Hong Kong, New South Wales, Tasmania, Western Australia, South Australia, or New Zealand, be not sufficiently prepaid according to its weight, but, nevertheless, a single packet rate be prepaid, it will be forwarded, charged with the deficient postage, and with an additional packet rate. This does not apply to packets addressed to Queensland, which must be fully prepaid.

Patterns or samples of merchandise may be forwarded from Victoria to the United Kingdom, subject to the same rates of postage and general regulations as books, the following conditions being also observed:—

1. The patterns must not bear any writing other than the address of the persons for whom they are intended, a manufacturer's or trade mark, numbers, and the prices of articles.

2. The patterns must be sent in covers open at the ends so as to be easy of examination. Samples however of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material, tied round the neck so as to be easily opened and refastened; or in bags entirely closed, provided such bags be transparent, so that the officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

3. Any article likely to injure the contents of the mail bags or the person of any officer of the Post Office will only be forwarded as a pattern provided it be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags, and to the persons of the officers of the Post Office. Such articles, however, must be so packed as to be easily examined.

Electric Telegraph.

Regulations and conditions under which Telegraphic Messages are authorised to be transmitted in Victoria.

1. To lessen as much as possible any liability to error in the transmission of messages from defective manuscript, it is desirable that the use of figures should be avoided, and that words at length be substituted; and the public, in using the Electric Telegraph, are requested to be particular in giving a full and correct address to every message, so that the least possible delay in delivery may occur.

2. Messages will be transmitted in the order of their reception, and no precedence will be allowed, except for special despatches on the service of the Government, the arrest of criminals, and in cases of pressing emergency, sickness, or death.

3. All messages will be held *strictly confidential.*

4. Payment of charges in advance will be required, except for replies to interrogatory messages on which the sender may have written the words "Reply will be paid for;" but special arrangements may be made for the receipt of messages payable by the receiver, either by depositing security at the receiving office, or by furnishing written authority covering the cost of transmission.

5. No charge will be made for the date, address, or signature to any message; and it is particularly requested that the two latter may be as clear and explicit as possible.

6. Messages must be written with ink, in a clear and legible manner, and bear a proper date, address, and genuine signature in the usual handwriting of the sender.

7. Messages will be delivered free of charge within one mile of the office; over that distance cab or omnibus fare will be charged, when incurred; and for Messages to be delivered on shipboard, an extra charge to cover the disbursement for boat expenses will be made.

8. Messages may be transmitted in cypher in the English language on payment of an additional charge of fifty per cent., but cypher words must not average more than two syllables.

9. On special occasions, when the communication may be kept open during the night, an additional charge equal to one-third of the ordinary rate will be required upon all messages received for transmission later than 8 p.m.

10. Every reasonable exertion will be used, and precaution adopted, to secure the greatest promptness, accuracy, and despatch in conducting the business of the Telegraph; but no responsibility will be assumed for any errors, omissions, or delays in the transmission or non-transmission, delivery or non-delivery of any message, from whatever cause the same may arise. In order, however, to afford the fullest security for the correctness of a transmitted message, the sender may obtain a copy of the message as repeated back from the Receiving

Office, if within the bounds of this colony, upon payment of one-half the original charge upon such message; but in no case will any pecuniary responsibility be recognised beyond the extent of £5.

11. In the event of serious delay occurring to prevent the transmission of a message within a reasonable time, or sufficient to destroy the value of the despatch, notice will be conveyed to the sender, should his address be known, and the message, together with the amount paid thereon, be returned, if desired.

12. In cases where immediate replies are required, the messenger will be instructed to wait five minutes after the delivery, provided the message may contain the words "Reply by telegraph immediately."

13. Printed forms upon which messages should be written may be obtained upon application at the office; but all messages, whether written upon the prescribed forms or upon plain paper, will be considered as tendered for transmission, and transmitted to their destination under the several conditions and stipulations above detailed.

14. The offices will be kept open for the transmission of messages by the public generally between the hours of 8.30 a.m. and 8 p.m. (Sundays excepted).

In all cases where search for telegraphic messages or copies thereof may be made, after the date of their transmission, on the application of any duly authorized person, a fee of one shilling per telegram will be charged.

The Funds of this Society are conserved for Life Assurance, Annuity and Endowment Business only.

The Rates of Premium have been fixed on a liberal scale, and will be found considerably lower than those of any other Mutual Company carrying on business in the Colonies.

All Policies being unchallengeable, and without any restrictions or conditions, are therefore not void by change of residence or occupation or habits of life, nor by suicide or death by duelling or the hands of justice, as usually stipulated by other offices—they are thus absolute securities.

Detailed Tables of Rates and all other information may be had on application at the Head Office, or the numerous Agencies throughout the Colony.

SPECIALLY

PREPARED BY

SAVORY & MOORE,

His Highness the Khedive of Egypt, &c.

CHOLERA, DIARRHŒA, SPASM.—JEREMIE'S CELEBRATED SEDATIVE AND ANTI-SPASMODIC.—Original by Captain Jeremie, H.M.I.A. This remarkable Medicine is acknowledged by the most eminent Physicians and Surgeons to be the most valuable Remedy for **DIMINISHING NERVOUS EXCITEMENT, ALLAYING PAIN, GIVING REPOSE,** without the unpleasant objections attending the employment of other Sedatives. In India it is universally regarded as a *specific* for **DIARRHŒA, CHOLERA, DYSENTERY, and NERVOUSNESS.**

ETHERODINE.—ITS PROPERTIES ARE **DIAPHORETIC, ANTI-SPASMODIC, AND SEDATIVE.** The important advantage over Chlorodyne, &c., is in maintaining the desired effects without augmenting the dose. Medical men in extensive practice testify to its efficacy in Coughs, Colds, Consumption, Fevers, Rheumatism, Spasms, Dysentery, Diarrhœa, &c. Will keep in any climate.

DR. JENNER'S ABSORBENT LOZENGES SPEEDILY AND EFFECTUALLY CORRECT HEARTBURN, FLATULENCE, AND ACIDITY OF THE STOMACH.—From being dissolved in the mouth by the consumer, the injurious concretions of magnesia are avoided, while the grateful flavour of the Lozenge adds an allurement to its use.

BEST FOOD FOR INFANTS.—“Resembling mother's milk as closely as possible.”—*Dr. H. Barker on "Right Foods."* “The **INFANT PRINCE** thrives upon it as a Prince should.”—*Soc. Sci. Rev.* “Highly nourishing and easily digested.”—*Dr. Hassall.* No boiling or straining required. Sold in Tins.

ASTHMA AND BRONCHITIS EFFECTUALLY RELIEVED BY THE USE OF "DATURA TATULA."—“Of great efficacy in cases of Asthma and Chronic Bronchitis.”—*Dub. Jnl. of Med. Sci.* “The fumes cause no nausea, so that the most delicate lady may use the remedy. I have never known an instance in which relief was not obtained.”—*Letter from Gen. Alexander.* As Tobacco, in Tins; Cigars and Cigarettes, in Boxes; and as Pastilles for inhalation, in Boxes.

GENUINE PANCREATIC EMULSION.—In Diseases where Wasting, Loss of the power of Digestion and Assimilation are prominent, the Pancreatic Emulsion and Pancreatine are the most potent remedial agents. Where Cod Liver Oil fails, or cannot be tolerated by the stomach, the Pancreatic preparations supply its place.

Are the THREE Most Invaluable TOILET REQUISITES Extant.

The MACASSAR OIL is the best and safest RESTORER and BEAUTIFIER of the HUMAN HAIR, being perfectly free from all poisonous or mineral admixtures.

CAUTION.—Each bottle has a Glass Stopper instead of a Cork, as formerly; all with the Cork are spurious imitations. This notice is deemed necessary, as the Proprietors have received intimation that a large quantity of Counterfeit, of the most pernicious quality, has lately been sent from France and Germany to India and the Colonies, under their names.

The KALYDOR produces PURITY of COMPLEXION, and a Softness and Delicacy of Skin.

The ODONTO produces the TEETH, imparts a Pearl-like Whiteness to them, and gives a pleasing Fragrance to the BREATH.

THE NEW

TURKISH AND SULPHUR BATHS,

127 RUSSELL STREET,

Still continue the great attraction of the day, and are pronounced by all visitors to be so thoroughly enjoyable as to surpass anything of the kind hitherto introduced into the colony. Those who have not yet had the pleasure of a bath in this establishment would do well to test its efficiency, as one bath will convince the most sceptical that they are not only thoroughly enjoyable, but tend to promote that free respiration without which good health is impossible.

For Colds, Influenza, and Soreness of the Throat and Chest, the Sulphur Bath is the best known remedy.
