When the arrival of the English Mail is reported from Adelaide during daylight, a red flag with an A in white in the centre will be hoisted at the tower of the General Post Office; on the Mail Steamer being reported at Cape Otway a white flag with C O in red in the centre will be hoisted; on the vessel entering Port Phillip Heads a blue flag with H in white in the centre will be hoisted. On arrival at the General Post Office, the red pendant under the blue flag with the H in the centre will be hoisted, and a red pendant only will be hoisted as soon as delivery has commenced.

Should the Mail be reported at night, a red, white, or blue light, corresponding with the colours of the flags mentioned above, and in like manner indicating whence the steamer is reported, will be exhibited on the tower of the General Post Office for the information of the public.

On the day the Mail Steamer *via* Suez is about to leave, the red flag with A in the centre will be hoisted, with the "blue peter" under.

[When the English Mail arrives too late to allow of a delivery on the same day by letter-carrier, persons who would otherwise receive their letters by letter-carrier can have them by applying at the enquiry window, General Post Office, as soon as the private box room and general delivery windows are opened.]

MAILS VIA SAN FRANCISCO.

The contract steamer is appointed to leave Sydney for San Francisco *via* Fiji and Honolulu monthly. Mails will be made up at Melbourne to reach Sydney in time for onward despatch.

Letters, &c., for the United Kingdom and for the continent of Europe will not be forwarded by this route unless fully prepaid and specially endorsed "Via California."

MAILS VIA TORRES STRAITS.

Mails *via* Torres Straits will be made up and forwarded from Melbourne in time for onward despatch by steamer announced to leave Brisbane monthly.

Letters intended to be sent by this route must be fully prepaid and specially endorsed "Via Torres Straits."

It is suggested that all letters intended for transmission by the Royal Mail contract steamers should be secured with gum or wafers, the use of sealing wax having been found to cause delay in separating letters, and in some instances to lead to addresses on envelopes being rendered illegible.

[For further detail and lists of mails see Government Official Post Office Guide, published monthly.]

There are four deliveries daily by letter-carriers in Melbourne within the following boundaries:—On the north, by the south side of Victoria-street; on the east, by Spring-street; on the south, by the River Yarra; and on the west, by Spencer and Adderley streets. The letter-carriers will leave the General Post Office at 8 a.m., 11 a.m., 2 p.m., and 4.30 p.m. In East Melbourne there are three deliveries daily, leaving the General Post Office at 8 a.m., 12 noon, and 4.30 p.m.—Letters intended for any of the above deliveries must be received at the General Post Office not less than fifteen minutes before the times stated.

In East and West Melbourne there are five clearances of letter-boxes daily, the sixth having been discontinued in consequence of night train for Sandhurst having been altered to 7.15 p.m.

THE TIMES OF DELIVERY BY LETTER CARRIERS IN THE SUBURBS ARE AS FOLLOW:—

	1st delivery Leave Genl. Post Off.	2nd delivery Leave Local Office.	3rd delivery Leave Local Office.		1st delivery Leave Genl. Post Off.	2nd delivery Leave Local Office.	3rd delivery Leave Local Office.

The postage upon all letters, packets, and newspapers must be prepaid by affixing stamps thereon except it may happen that any Postmaster shall not have stamps of the requisite value for sale, in which case the postage may be prepaid in coin, and shall be acknowledged by such Postmaster on the face or cover of such letter, packet, or newspaper.

Letters, packets, and newspapers may be re-directed to the United Kingdom, New South Wales, South Australia, Western Australia, New Zealand, Tasmania, and Queensland, without prepayment of additional postage, which will, however, in the case of letters re-directed to the United Kingdom, New South

Wales, New Zealand, Western Australia, and Queensland, be charged on delivery.

In cases where postage is charged against Victoria, and taxed upon foreign letters, notice must first be sent to the persons addressed that the amount of postage payable is required to be remitted before the letters can be re-directed.

Re-directed letters, packets, and newspapers re-posted after delivery for transmission to any other part of the colony without additional postage are to be forwarded to destination, and the ordinary inland rate is to be collected on delivery.

Registered Letters.

For the Registration of Letters, stamps to the value of sixpence must be affixed, in addition to the postage

Any letter or packet not registered, and believed to contain money or other valuable enclosure, will be registered, and the fee for registration be charged on delivery; but if the person to whom the letter or packet is addressed open it in the presence of a postmaster or officer of the post office, and it be found not to contain money or other valuable enclosure, the fee will in that case be remitted.

Letters addressed to the United Kingdom, or received from the United Kingdom addressed to Victoria, containing coin, or having the word "registered" written upon them, but upon which the fee for registration has not been paid, will be compulsorily registered and charged on delivery with a double registration fee.

Late Letters.

The following fees are to be charged upon letters posted after the time appointed for closing the mails:—

TOWN AND COUNTRY LETTERS.

For any time not exceeding a quarter	s. d.
of an hour	0 2
For any time beyond a quarter of an hour	0 4
If handed to the mail guards or posted in the Railway Travelling Post Office	0 4

ENGLISH MAILS BY R.M. CONTRACT

STEAMERS.

For any time not exceeding one half-hour	0 3
For any time beyond one half-hour ...	0 6
If posted on board the mail steamer ...	1 0

Late fees must be paid, in all cases, by stamps affixed to the letters.

Masters of steam vessels, not under contract for the conveyance of mails, about to depart for New South Wales, Queensland, New Zealand, South Australia, or Tasmania, are allowed to have a box or bag for the reception of letters on board up to the time of sailing, provided such letters bear the full postage and the late fee (twopence), when the letters will be delivered without further charge.

Newspapers.

For each newspaper posted in the colony (except to places specially mentioned in *Postal*

Guide), one half-penny must be prepaid by stamp. Every newspaper must be sent without a cover, or in a cover open at both ends, and there shall not be in or upon any such newspaper or the cover thereof any communication, character, figure, letter, or number (other than the words "Newspaper only," or a line drawn through any report, article, or paragraph therein, the printed title of such newspaper, the printed names, occupations, and places of business of the printer, publisher, and vendor thereof, the name, occupation, and address of the person to whom it is sent, and the words aforesaid); nor shall anything be enclosed in or with or accompany such newspaper or cover, otherwise such newspaper shall not be transmitted or delivered.

Any breach of the foregoing provisions will render the person convicted liable to a penalty of not less than five pounds.

Newspapers bearing sufficient stamps for postage as packets may be posted and transmitted as packets without payment of any additional postage to which they would be subject as newspapers.

Any inland newspaper sufficiently stamped as such, but bearing on the cover or outside of the fold writing not permissible for newspaper postage, but permissible for packet postage, may be transmitted and charged for as an inland packet, the extra postage being collected on delivery.

PACKETS.

The regulations formerly affecting foreign packets, are now also applied to inland and town packets, and a packet whether for transmission within or beyond the colony, may be forwarded if properly prepaid and posted in accordance with the undermentioned regulations:—

1. A packet may contain any number of separate books or other publications (including printed or lithographed letters), photographs (when not on glass, or in cases containing glass), prints or maps, and paper, parchment, or vellum, or patterns or samples of merchandise; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed or plain, or a mixture of these; but no printed matter or prints will be allowed except such as may be printed on paper, parchment, or vellum. Further, all legitimate binding, &c., mounting or covering of a book, &c., or a portion thereof, will be allowed, whether such binding be loose or attached, as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto.

2. Every packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being

removed for examination. For the greater security of its contents, the packet may be tied at the ends with string, but in such case the Postmaster is authorised to cut the string, though if he do so, he must again tie up the packet as before. Samples of seeds, drugs, and so forth, which cannot be sent in open covers may be enclosed in bags of linen or other material, tied round the neck so as to be easily loosened and refastened, or (as inland packets only) in closed transparent bags; but foreign packets must not be sent in closed bags, although transparent.

3. No packet may contain anything which is sealed, or otherwise closed against inspection, nor any matter or thing not hereinbefore specified; nor must there be any letter nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not to be regarded as a letter. Indeed, as respects the name and address of the sender, not only is the writing permitted, but it is even recommended; so that if the cover come off, or for any other reason, the packet cannot be forwarded, it may be returned. Packets containing patterns must not bear any writing, other than the name and address of the person for whom they are intended, the name and address of the sender, a manufacturer's, or trade mark, number, and the price of the articles.

4. Packets containing seeds, not sent as samples, may be forwarded as inland packets only; such packets must not, however, exceed eight ounces in weight, and must be either in bags or papers, tied so that they may be easily opened and refastened, or in closed transparent bags.

5. No packet must exceed two feet in length, one foot in width, or one foot in depth; and if any packet exceeding these dimensions be presented, it must not be received.

6. Any packet closed against inspection, that may be posted, bearing postage stamps equal in value to the proper postage as an inland or foreign letter, not exceeding half an ounce in weight, as provided by the Act aforesaid, shall be treated in the same manner as a letter exceeding one half ounce in weight, and posted with only one single rate of postage thereon.

7. Any packet which shall be posted in fraud or violation of these regulations, or shall have no postage, or less than one rate of postage as a packet not exceeding four ounces in weight paid thereon, or shall contain or have on the outside thereof any profane, obscene, or libellous address, signature, picture, or thing, must be sent to the dead letter office forthwith.

8. If an inland packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of any value, it may be forwarded to its destination, double the deficient postage being charged on delivery.

The following are the rates chargeable on packets posted in the colony, except to the places undermentioned or those named in Table of Rates in *Postal Guide* :—

INLAND.	
For every two ounces or fraction of two ounces	1d.
FOREIGN.	
Not exceeding one ounce	1d.
Exceeding one ounce, and not exceeding two ounces	2d.
For every additional two ounces or fraction of two ounces after the first two ounces	2d.

Inland Packets, other than book packets or those containing printed matter only, must not exceed sixteen ounces (1 lb.) in weight. Book packets or those containing printed matter only must not exceed forty-eight ounces (3 lbs.) except when intended for places to which the mails are conveyed any part of the way on horseback, in which case no packet must exceed sixteen ounces (1 lb.) in weight. This not to apply to packets sent by post "On Her Majesty's Service" nor to packets sent in ship mails beyond the colony.

Postmasters may refuse to transmit by post any packet of inconvenient form or dimensions, or containing or reasonably suspected to contain articles likely to injure the other portions of the mail, or the person of any officer or servant of the Post Office.

Any packet posted in fraud or violation of the Post Office Statute, or of any Act of the Customs, or containing any letter or epistolary communication, or having less than one rate prepaid, or exceeding the above weight, must be sent to the Dead Letter Office.

No articles of merchandise will be forwarded at the packet rate to New South Wales or Queensland, but such as are sent as *bona fide* patterns or samples.

If a packet addressed to the United Kingdom, Mauritius, Hong Kong, New South Wales, Queensland, Tasmania, Western Australia, South Australia, or New Zealand, be not sufficiently prepaid according to its weight, but, nevertheless, a single packet rate be prepaid, it will be forwarded, charged with the deficient postage, and with an additional packet rate.

Patterns or samples of merchandise may be forwarded from Victoria to the United Kingdom, subject to the same rates of postage and general regulations as books, the following conditions being also observed :—

1. The patterns must not bear any writing other than the address of the persons for whom they are intended, a manufacturer's or trade mark, numbers, and the prices of articles.

2. The patterns must be sent in covers open at the ends so as to be easy of examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material, tied round the neck so as to be easily opened and refastened; or in bags entirely closed, provided such bags be transparent, so that the officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

3. Any article likely to injure the contents of the mail bags or the person of any officer of the Post Office will only be forwarded as a pattern provided it be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags, and to the persons of the officers of the Post Office. Such articles, however, must be so packed as to be easily examined.

Electric Telegraph.

Amended Regulations and conditions under which Telegraphic Messages are authorised to be transmitted in Victoria.

1. A full and correct address must be given to every message, which must also bear the signature of the sender. Messages must be written with ink. All amounts must be written in words at length, with figures in parentheses.

2. Messages must be transmitted in the order of their reception, and no precedence will be allowed, except for special despatches on the service of the Government, the arrest of criminals, and in cases of pressing emergency, sickness or death.

3. Payment of charges in advance is required, except for replies to interrogatory messages on

which the sender may have written the words "Reply will be paid for," but special arrangements may be made for the receipt of messages payable by the receiver, either by depositing security at the receiving office, or by furnishing written guarantee to the satisfaction of the manager, covering the cost of transmission.

4. Messages will be delivered free of charge within one mile of the office at which they are received by telegraph; over that distance cab or omnibus fare will be charged, when incurred; and for messages to be delivered on shipboard, an extra charge to cover the disbursement for boat hire will be made.

5. Messages may be transmitted in cypher in Roman letters or figures, on payment of an additional charge of fifty per cent. A group of five cypher letters or five cypher figures will count as one word.

6. On special occasions, when the communication may be kept open during the night, the minimum charge will be 5s. for 58 words or under upon all messages received for transmission later than 8 p.m.

7. No pecuniary responsibility is assumed for any errors or delays in the transmission or non-transmission, delivery or non-delivery of any message, from whatever cause the same may arise. In order, however, to afford the fullest security for the correctness of a transmitted message, the sender may obtain a copy of the message as repeated back from the Receiving Office upon payment of one-half the original charge upon such message.

8. In the event of serious delay occurring

to prevent the transmission of a message within a reasonable time, or sufficient to destroy the value of the despatch, notice will be conveyed to the sender, should his address be known, and the message, together with the amount paid thereon, be returned, if desired.

9. All messages, whether written upon the usual printed forms or upon plain paper, will be considered as tendered for transmission to their destination under the several conditions and stipulations above detailed.

10. The offices will be kept open for the transmission of messages by the public generally between the hours of 8.30 a.m. and 8 p.m. (Sundays excepted).

THOMAS HUBBUCK & SON,
White Lead, Oil Paint & Varnish Works,
24 LIME STREET, LONDON.

HUBBUCK'S
PATENT
WHITE ZINC PAINT.

The most durable and beautiful Paint known. Is cheaper in use than White Lead, and is proved to be superior for all purposes than the pernicious Lead Paint, and equally adapted for all climates.

ITS WHITENESS IS UNAFFECTED BY BILGE WATER, BOILING SUGAR, OR NOXIOUS GASES.

It is free from any poisonous ingredient, and suited in all respects to the use of the Painter.

Each Cask of Pure White Zinc is stamped—"HUBBUCK LONDON PATENT."

HUBBUCK'S ANTI-CORROSIVE PAINTS.

The most valuable protection to iron roofs, bridges, piers, ships, and buildings exposed to tempestuous weather and scorching sun.

HUBBUCK'S ANTI-OXIDATION COMPOSITION.

For Coating Iron and Wood Ships' bottoms; a preservative against fouling and corrosion. This composition is ready for immediate use, and obviates the waste of carrying unmixed Paints, Oils, Driers, &c. It is also applicable to all the other purposes of paints.

HUBBUCK'S ANTI-INCRUSTATION BOILER COMPOSITION

Throws down the deleterious matters in the water which form the incrustation, and does not in the smallest degree injure the iron plates, rivets, or brass fittings.

HUBBUCK'S PALE-BOILED OIL,

Being much purer than raw linseed oil, is the only boiled oil that can be used for White and delicate-coloured Paints. It dries quick and hard, never blisters, and is more durable.

HUBBUCK'S BINNACLE AND COLZA OILS

Prepared expressly for Ships' Lights, Lighthouses, &c.

HUBBUCK'S WHITE LEAD, COLOURS, OILS, AND VARNISHES

Properly packed for exportation.

HUBBUCK'S PAINTS, OILS, AND VARNISHES

Are the BEST, and therefore the CHEAPEST. Beware of COUNTERFEITS of their NAME and TRADE MARK.

CAUTION.

Since the successful introduction of their Pale Boiled Linseed Oil some dealers are selling colorable imitations as "Improved Boiled Oil," "Clear Boiled Oil," &c. These imitations are not to be depended on, and only cause disappointment and loss.

CONVICTION.

In April, 1878, a Native Dealer, at Hong Kong, was prosecuted and convicted of a fraudulent imitation of Hubbuck's Name and Mark, and of placing them on some spurious goods shipped from London.

DR. ROOKE'S ANTI-LANCET.

WHAT IS IT?

A Handy Guide to Domestic Medicine. Every Household should possess a Copy.

DR. ROOKE'S ANTI-LANCET.

All Invalids should read the Chapter on the Functions of Digestion, showing by what process food is converted into blood—How blood sustains the whole system—How nervous power influences all the bodily organs to perform their allotted functions—Principles of life and death unfolded—Dying seldom accompanied with pain—Mental vision amplified prior to the death of the body—Immortality of the intelligent principle.

DR. ROOKE'S ANTI-LANCET.

The Nervous, the Dyspeptic, or the Hypochondriac should read the Chapter on the Origin of all Diseases from depression of nervous or vital power—How explained—Producing or exciting causes of nervous depression—Effects of the mind on the body—Effects of excessive joy—Anger—Grief and suspense—Sudden surprise and fright—Hard study—Hot relaxing fluids—Intemperance in eating and drinking—Spiritous liquors—Loss of blood—Impure air.

DR. ROOKE'S ANTI-LANCET.

Read the Chapter on the Destructive Practice of Bleeding, illustrated by the cases of Lord Byron, Sir Walter Scott, Madame Malibran, Count Cavour, General "Stonewall" Jackson, and other public characters.

DR. ROOKE'S ANTI-LANCET.

All who wish to preserve health, and thus prolong life, should read DR. ROOKE'S ANTI-LANCET, or HANDY GUIDE TO DOMESTIC MEDICINE, which can be had gratis from any Chemist, or post free from Dr. Rooke, Scarborough. Concerning this book, the late eminent author, Sheridan Knowles, observed:—"It will be an incalculable boon to every person who can read and think."

DR. ROOKE'S ANTI-LANCET.

A clergyman, writing to Dr. Rooke, under date July 15th, 1874, speaking of the "ANTI-LANCET," says:—"Of its style and matter I can judge, for I have been an author on other themes for thirty years. None but a master-mind among men could have conceived or written your Introduction. It is the most perfect delineation I ever read of the human frame, and the links between the material fabric and the spiritual union of body and soul."

DR. ROOKE'S ANTI-LANCET,

OR HANDY GUIDE TO DOMESTIC MEDICINE, can be had gratis of all Chemists, or post free from Dr. Rooke, Scarborough, England.

DR. ROOKE'S ANTI-LANCET.

Ask your Chemist for a copy (gratis) of the last edition, containing 168 pages.

CROSBY'S BALSAMIC COUGH ELIXIR.

OPIATES, NARCOTICS, and SQUILLS are too often invoked to give relief in COUGHS, COLDS, and all PULMONARY DISEASES. Instead of such fallacious remedies, which yield momentary relief at the expense of enfeebling the digestive organs, and thus increasing that debility which lies at the root of the malady, modern science points to CROSBY'S BALSAMIC COUGH ELIXIR as the true remedy.

DR. ROOKE'S TESTIMONIAL.

DR. ROOKE, Scarborough, author of the "Anti-Lancet," says:—

"I have repeatedly observed how very rapidly and invariably it subdued Cough, Pain, and Irritation of the Chest in cases of Pulmonary Consumption; and I can, with the greatest confidence, recommend it as a most valuable adjunct to an otherwise strengthening treatment for this disease."

This medicine, which is free from opium and squills, not only allays the local irritation, but improves digestion and strengthens the constitution. Hence it is used with the most signal success in

ASTHMA BRONCHITIS	CONSUMPTION COUGHS	INFLUENZA QUINSY	CONSUMPTIVE NIGHT SWEATS And all Affections of the Throat and Chest.
----------------------	-----------------------	---------------------	---

Sold in Bottles, at 1s. 9d., 4s. 6d., and 11s. each, by all respectable Chemists, and Wholesale by JAMES M. CROSBY, Chemist, Scarborough, England.

. Invalids should read Crosby's Prize Treatise on "DISEASES OF THE LUNGS AND AIR-VESSELS," a copy of which can be had GRATIS of all Chemists.

CHLORODYNE

FOR

DYSENTERY, CHOLERA, FEVER, AGUE,
COUP DE SOLEIL, COLDS, &c.

THE ORIGINAL AND ONLY GENUINE.

Vice-Chancellor Sir W. P. Wood stated that Dr. Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they had prescribed it largely and mean no other than Dr. Browne's.—See *Times*, July 12, 1864.

The public, therefore, are cautioned against using any other than

DR. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while Medical men extol its virtues most extensively, using it in great quantities in the following diseases:—

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.
CHLORODYNE effectually checks and arrests those too often fatal diseases—Diphtheria, Fever, Croup, Ague.

CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cholera and Dysentery,
CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne, —See *Lancet*, Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay:—"Chlorodyne is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly hold my restoration to health after eighteen months' severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports (Dec. 1865) that in nearly every case of Cholera in which Dr. J. Collis Browne's Chlorodyne was administered, the patient recovered.

Mrs. Forbes, wife of the Chaplain at Paris.—"I cannot speak too highly of Dr. J. Collis Browne's Chlorodyne; I have not in any single instance been disappointed with the result, even in aggravated cases of Indian Cholera."

Extract from *Medical Times*, Jan. 1863.—"Chlorodyne is prescribed by scores of orthodox medical practitioners. Of course it would not thus be singularly popular did it not 'supply a want and fill a place.'"

Extract from the General Board of Health, London, as to its efficacy in Cholera.—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

Beware of spurious and dangerous compounds sold as Chlorodyne, from which frequent fatal results have followed.

None genuine without the words "Dr. J. Collis Browne" on the Government Stamp. Overwhelming medical testimony accompanies each bottle.

Sole Manufacturer, J. T. DAVENPORT, 83 Great Russell Street, Bloomsbury, London.

Sold in Bottles at 1s. 1½d., 2s. 9d., and 11s.
